UniSTART

International Foundation Year

YOUR PATHWAY TO GLOBAL UNIVERSITY SUCCESS

Navitas UniStart Foundation Program

The Navitas UniStart International Foundation Year is an internationally delivered pathway program based on the Eynesbury Foundation Studies Program (Australia). Our foundation program helps students prepare for undergraduate study.

Upon successful completion of the UniStart International Foundation Year, students have the flexibility to transfer to Navitas Colleges and Universities worldwide to continue their studies.

Delivered in English and supported by Eynesbury's academic team, students benefit from:

- The same high-quality curriculum as in Australia
- Face-to-face teaching
- Strong academic support and quality assurance

This program prepares students for university by developing:

- Academic English skills
- Critical thinking
- Communication and study skills

Program overview

- Duration: 8 months (2 trimesters)
- Intakes: February | June | October
- Location: Delivered at partner schools and campuses globally
- Each trimester runs for 13 weeks.

Entry Requirements

Academic:

- Successful completion of Year 11 (Australian equivalent – country specific criteria available)

Engineering Stream:

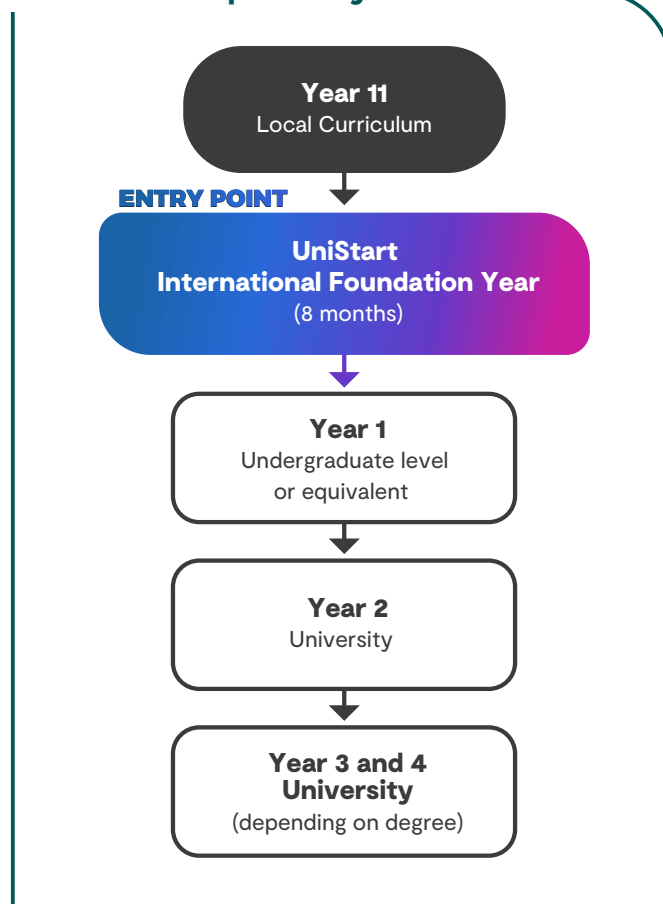

Year 11 or equivalent (with assumed knowledge in one Maths subject and Physics or Chemistry subject depending on University program requirements)

English:

- IELTS 5.5 overall (minimum 5.0 in each band)

*Some pathways may require 6.0–6.5

Your Student pathway

Where Can This Take You?

Students who complete the UniStart Foundation Year can progress to Navitas colleges and partner universities across:

- Australia
- Canada
- New Zealand
- United Kingdom
- Singapore
- Europe
- Indonesia
- Dubai

PROVEN PATHWAY TO SUCCESS

Since 1992, the Eynesbury Foundation Studies Program has been preparing students for university in partnership with the University of Adelaide.

Around 3,000 students have successfully completed the program, with 98% progressing to tertiary study.

WHY CHOOSE UNISTART?

- 1 Australian-quality education at a lower cost
- 2 Flexible global study pathways
- 3 Face-to-face teaching and support
- 4 Dedicated guidance for university applications

*This module can be substituted for one of the below options

START YOUR GLOBAL JOURNEY

The Navitas UniStart Foundation Program is more than a program – it's your pathway to studying at leading universities around the world.

Adilbish Unubileg

Country: Mongolia **College:** Eynesbury

Diploma: Diploma of Computing and Information Technology (IT) Studies

I chose to study a foundation program overseas because I didn't have a clear understanding of how university works and wanted a smoother transition. It also gave me the opportunity to improve my English and become more independent. I chose Eynesbury College for its pathway to the University of Adelaide, supportive environment, and smaller classes, which made learning more interactive and less overwhelming.

The transition was smooth, and the support helped me settle in quickly. As an IT student, I initially struggled with some concepts, but by the time I started university, I realised I had a stronger foundation than others who hadn't taken this pathway. The most valuable skills I gained were time management and self-study, which prepared me well for university.
